MORETON HIRE

EXPERIENCE IS EVERYTHING

At Moreton Hire, we understand the power of events and exhibitions – how they connect and engage communities into captivating environments. With 50 years' experience in the business, and with a specialist team based across Australia, South East Asia, and Europe we are here to ensure your success with the right products, services and solutions no matter how big or small your requirements. When it comes to tents – we are proud to work in association with the world's largest and most reliable manufacturer of temporary structures; Losberger De Boer. With the benefits of German engineering, Losberger De Boer boasts the highest safety standards and leading technology in design, which is critical when providing temporary facilities.

CREATIVITY IS LIMITLESS WITH OUR MARQUEE STRUCTURES. GOT AN IDEA? ASK US.

MARQUEE SAFETY

What are you covered for?

One of the biggest unanswered questions in the tents and temporary structure industry is, will your tent engineering satisfy the Australian Building Codes Board (ABCB)?

Rest assured, Moreton Hire have been in the marquee business for over 50 years and our specialist team have the experience and qualifications to guarantee a temporary structure for your next business or personal event meets every standard!

MORETON HIRE

Our standards

FOR TEMPORARY STRUCTURE BEST PRACTICE

ADVERSE WEATHER MANAGEMENT PLAN

We provide an Adverse Weather Management Plan & certifications for Terrain and Wind Speed Security.

1

CERTIFICATION CERTIFICATES

All Current Engineer Certification Certificates are supplied and signed off.

2

3

COMPLY WITH BUILDING CODES

All our Marquee installations comply with Building Codes and Event Acts in all Australian states.

WE MEET THE FIRE HAZARD PROPERTIES INDEX

All our materials and accessories meet the Fire Hazard Properties Index.

4

5

DESIGNED FLOOR PLANS

Our Floor Plans are designed to meet access and egress and current fire-fighting standards.

MARQUEE STRUCTURES

Pagoda

The Pagoda has a traditional but eye-catching roof shape that is suitable for any event! Commonly built as stand alone units, entrance features, canopies or VIP areas. Why not join them in an assortment of different floor plans?

With our various guttering possibilities, you can join them together to maximise your space at your next event!

Quick Size Guide:

Sizes: 3m x 3m or 5m x 5m

Leg Height: 2.5m

Walls: Vinyl (as standard)

Accessories: Solid or glass walls, swing double doors.

Versatile tents
suited to many
occasions.

Apse

Designed to complement the A-framed Uniflex system, the Apse offers a point of difference to your premium structure. Modular in design and compatible with our range of marquee accessories, the Apse can be finished with our cassette flooring system, glass, PVC walling, awnings and doors.

Quick Size Guide:

Width: 10m

Length: Multiples of 5m

Leg Height: 3.2m or 3.86m

Walls: Solid white or glass.

Accessories: Single or double doors.

“
A unique
shape for a
point of
difference.”

MARQUEE STRUCTURES

Arcum

When it comes to creating impact at your next event, the Arcum is perfect. Combined with quality German engineering, this modular system can create exactly the right ambiance for your event. The unique curved roof of the Arcum gives you a minimum 3.2m height that allows you to create a dramatic visual appeal. Combined with design options of balcony, full glass façade or solid moulded walls and glass swinging doors, you can create the perfect interior and exterior spaces.

Quick Size Guide:

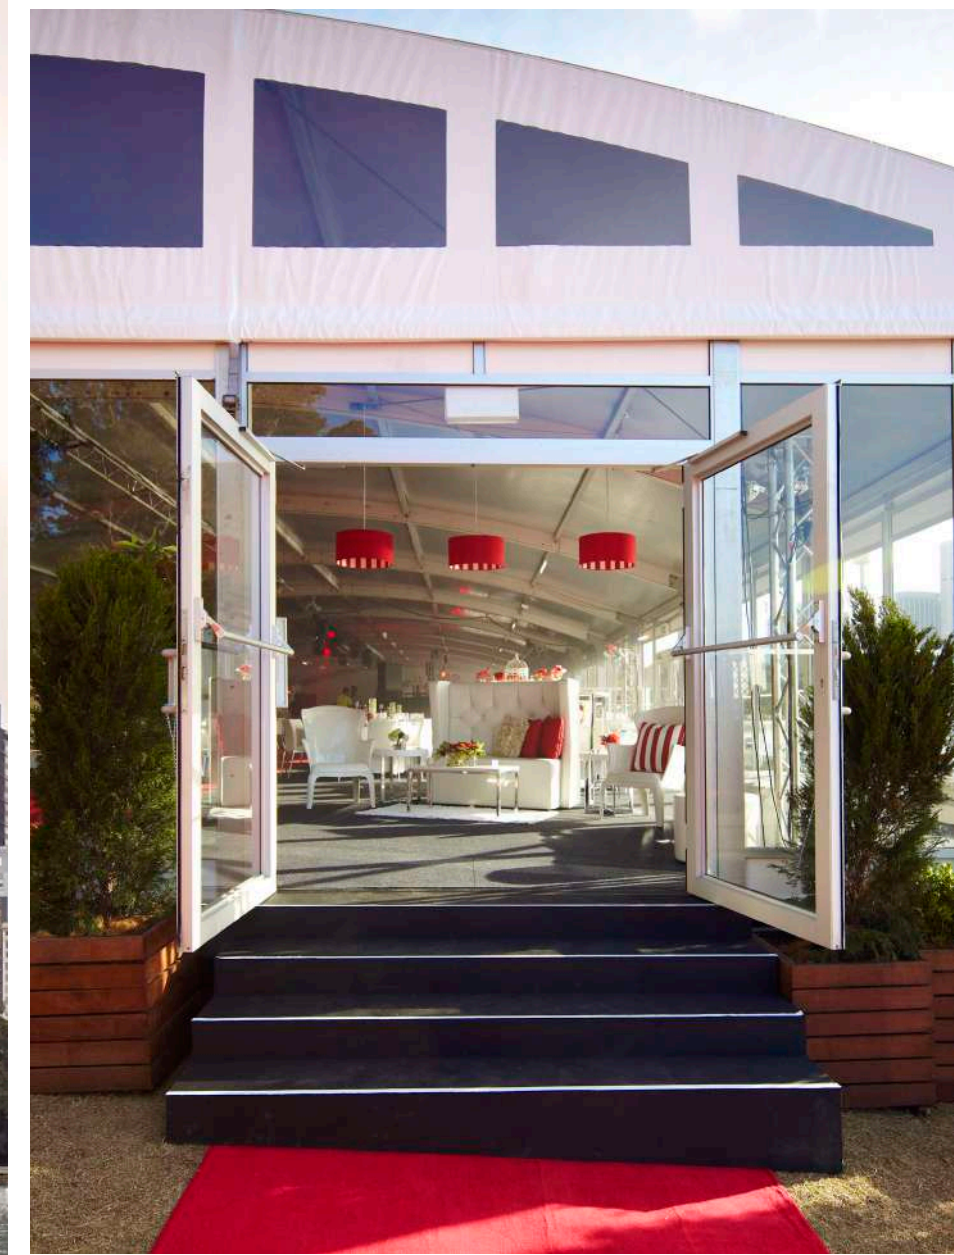

Width: 8m, 10m, 15m

Length: Multiples of 5m

Leg Height: 3.2m or 3.8m

Walls: Vinyl (as standard)

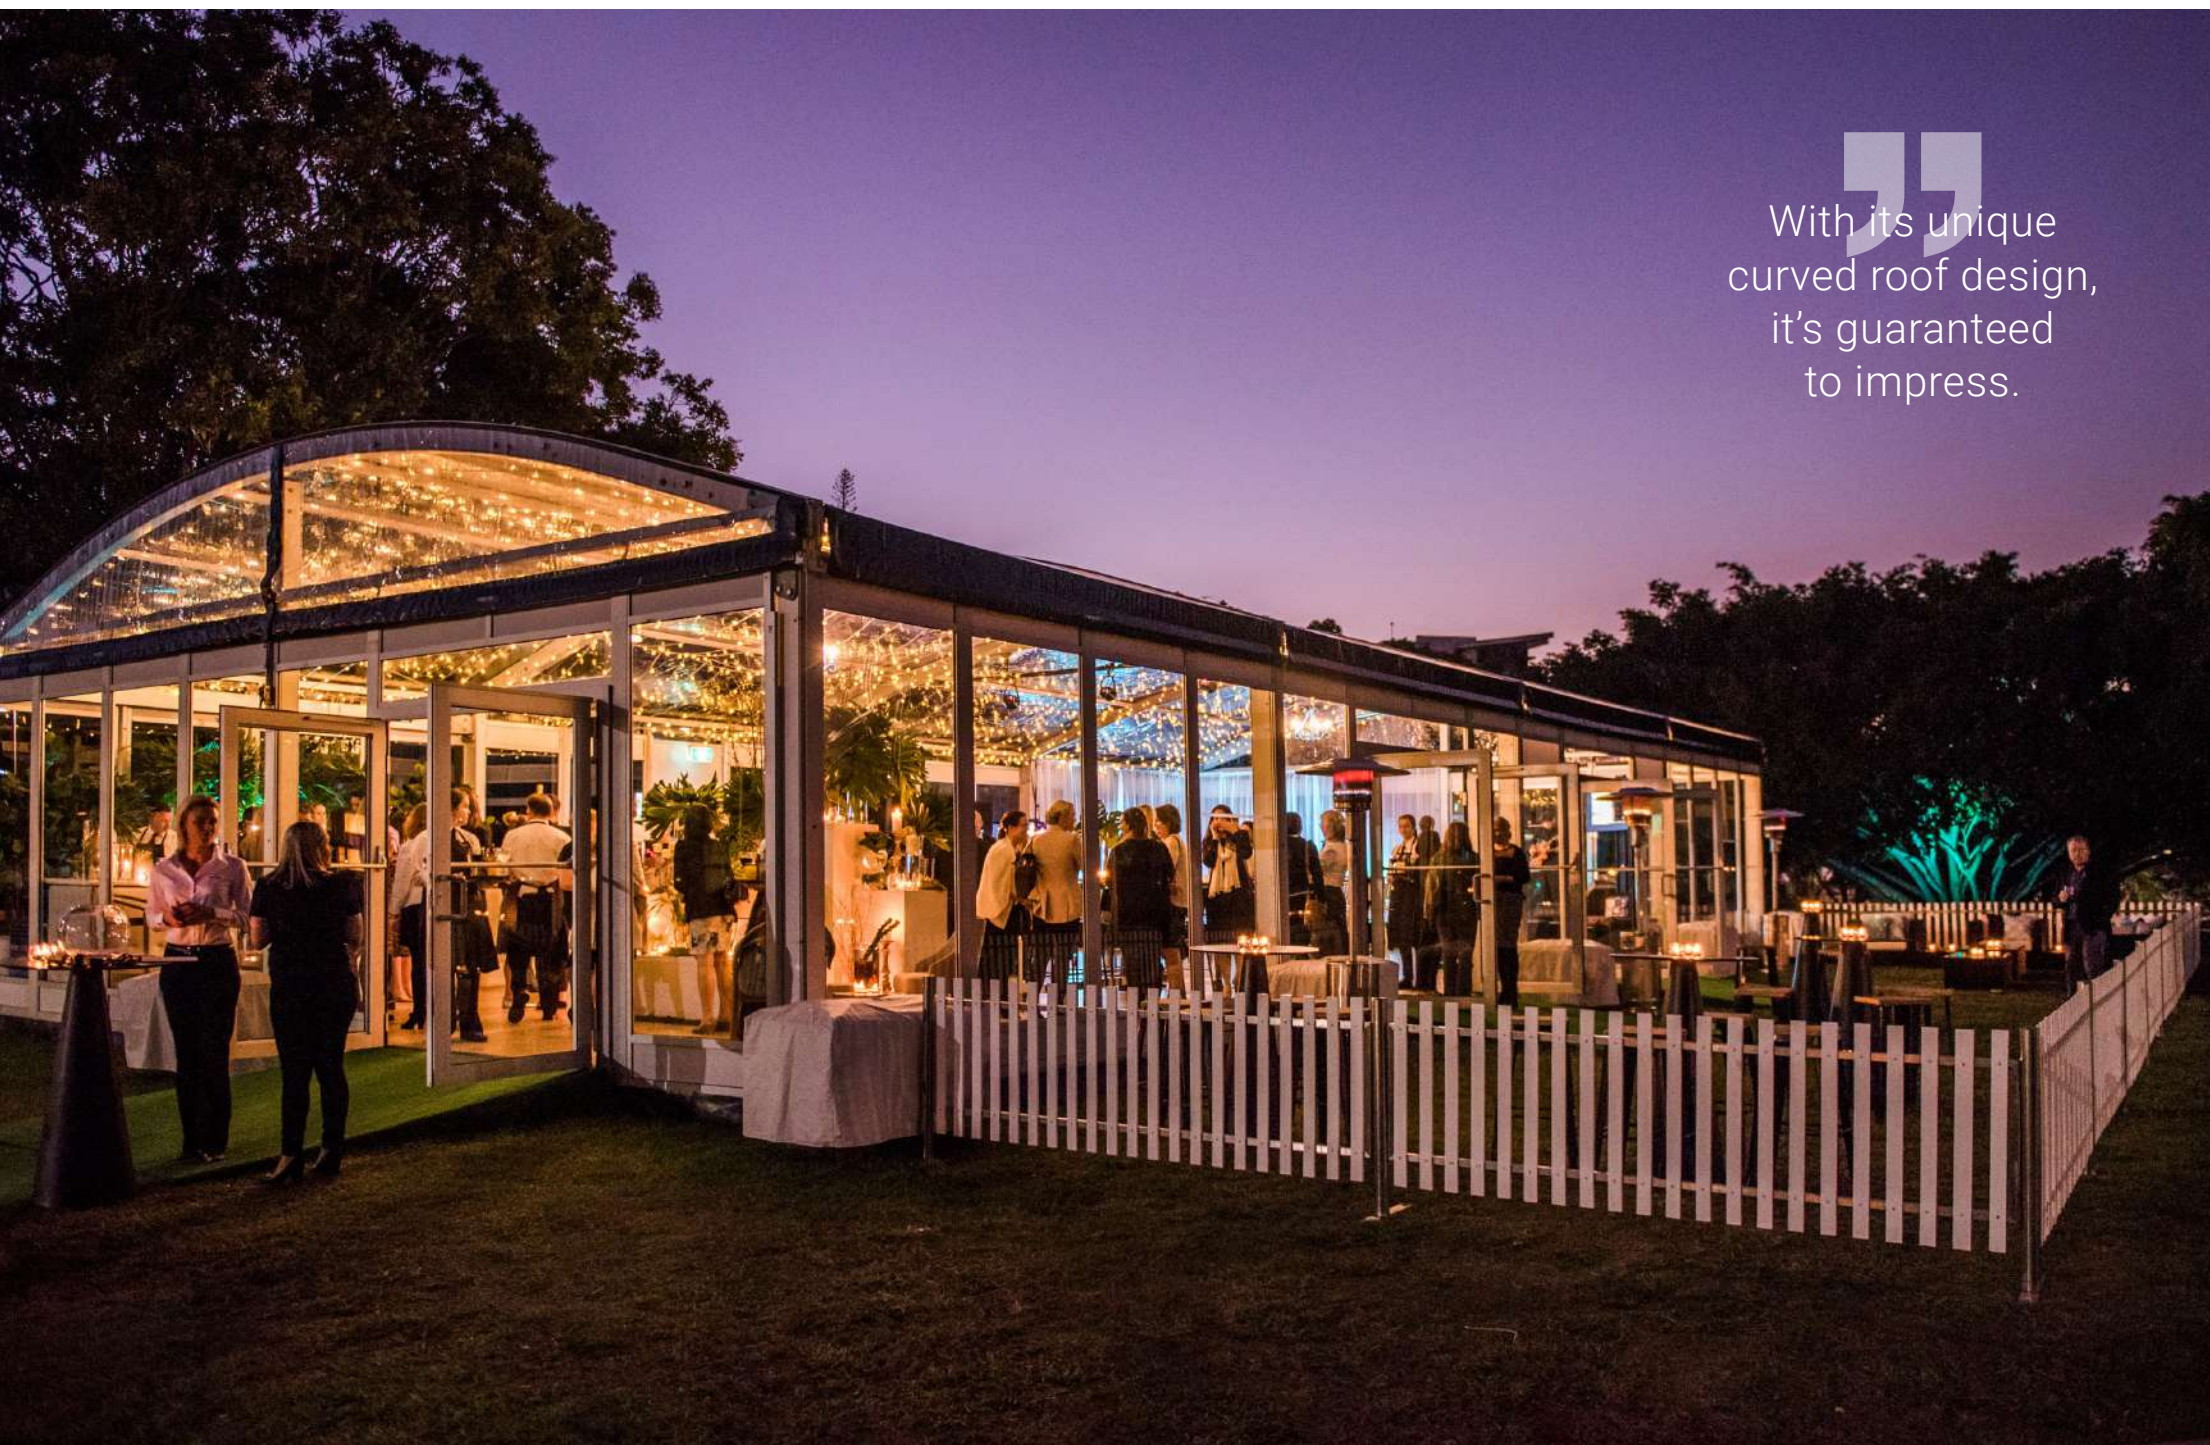

Accessories: Solid or glass doors, swing or sliding doors.

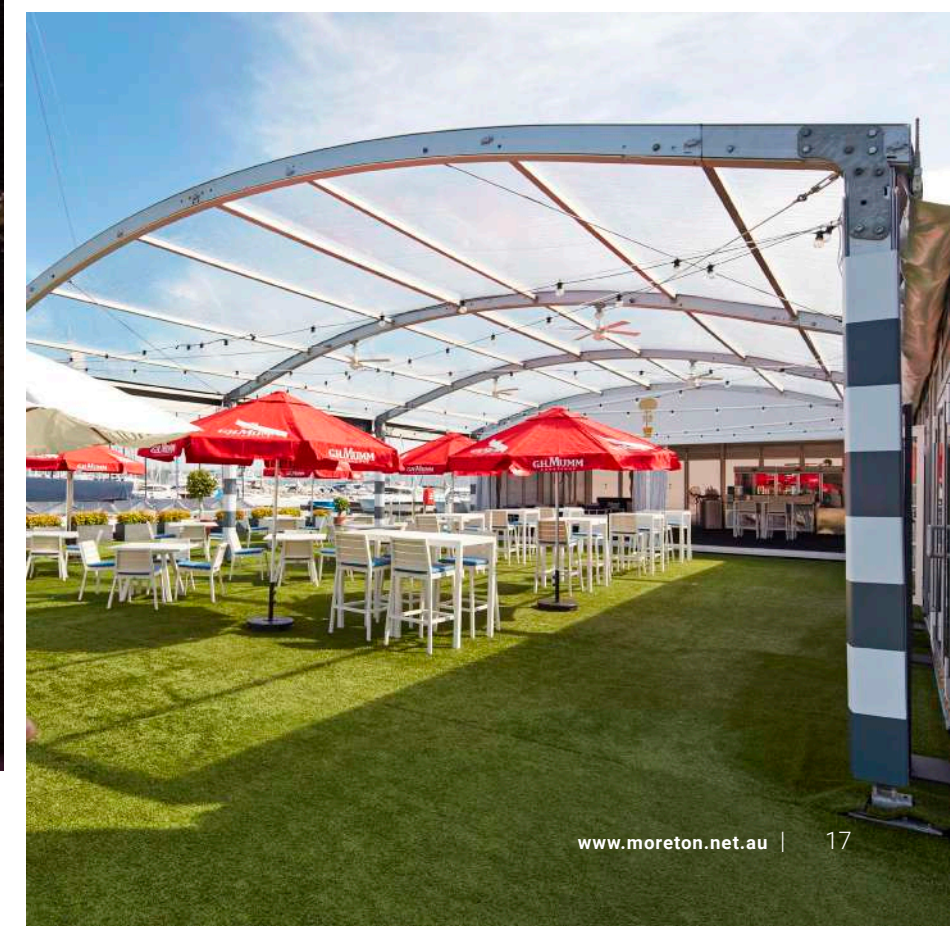

MARQUEE STRUCTURES

Arcum

We are proud to offer you the superior design, functionality and quality that the Arcum brings to your event. It has the versatility in the wall layout and design which gives you the flexibility to mix-and-match to find your perfect look.

“
With its unique
curved roof design,
it's guaranteed
to impress.”

Uniflex

The Uniflex A-frame is a modular design that can work neatly with other marquee components. The Uniflex enables you to change and expand your space by adding additional 5m bays. It can also be used with or without a balcony attachment. Creativity is limitless with the Uniflex system.

Quick Size Guide:

Width: 10m, 15m, 20m, 25m

Length: Multiples of 5m

Leg Height: 3.2m or 3.8m

Walls: Blackout vinyl (as standard)

Accessories: Clear vinyl walls, solid or glass walls, sliding, single and double doors.

MARQUEE STRUCTURES

Uniflex

MARQUEE STRUCTURES

Multiflex

The Multiflex is an exceptionally well-designed and complete clear-span tent system that sets a clear standard for quality, style, options and possible combinations. From the smallest of gable-roof tents to complete ensembles, Multiflex opens up exciting and easy-to-manage tent possibilities. With a side height of 2.5m and the proven truss spacing of 3m, clear-spans of 3m up to 15m are possible. The clear-span design offers a free, unobstructed room view from inside the tent with no centre poles or support columns inside the tent. The range is available as a Multiflex A-frame, Multiflex Arcum & Multiflex Arcum Hex.

Quick Size Guide:

Available in A-Frame, Arcum & Hex

Width: 3m, 6m, 10m

Length: 3m

Leg Height: 2.5m

Walls: Blackout vinyl (as standard)

Accessories: Clear vinyl walls, solid or glass walls, double doors.

“
The world's most
advanced frame
tent system.

MARQUEE STRUCTURES

Maxiflex

The Maxiflex A-frame is one of our most versatile large event tent systems, offering a variety of floor plans with unlimited possibilities. A clear span, with uninterrupted views across the space. The system can be paired with our range of large tent accessories including; hard PVC walls, glass walls, doors and modular cassette floors.

- Walls:** Solid white or glass
- Accessories:** Single or double doors, sub frame system for elevation & weighting, aluminum or glass handrails.

“
With a view
that counts,
the Emporium
has no rival.

MARQUEE STRUCTURES

Kubo

The Kubo is an architectural space solution offering new technology, innovative features and a variety of styling and branding opportunities. High-quality materials provide better energy efficiency and also show the sustainable development in the Losberger De Boer product range. Due to its rectangular shape, ceiling height and large outside design surfaces, the Kubo ensures highest visibility and top image value, making the KUBO our most brand-conscious structure on the market!

Quick Size Guide:

Width: 10m

Length: Multiples of 5m

Leg Height: 3.86m

Walls: Solid or glass

Accessories: Single or double doors, sub frame for elevation & weighting.

The first of its kind in the Australian market.

Signage

Brand your marquee and surrounding space to drive maximum exposure. From printed gables, side walls and back drops to the roof top, elevate your brand identity through our range of signage options.

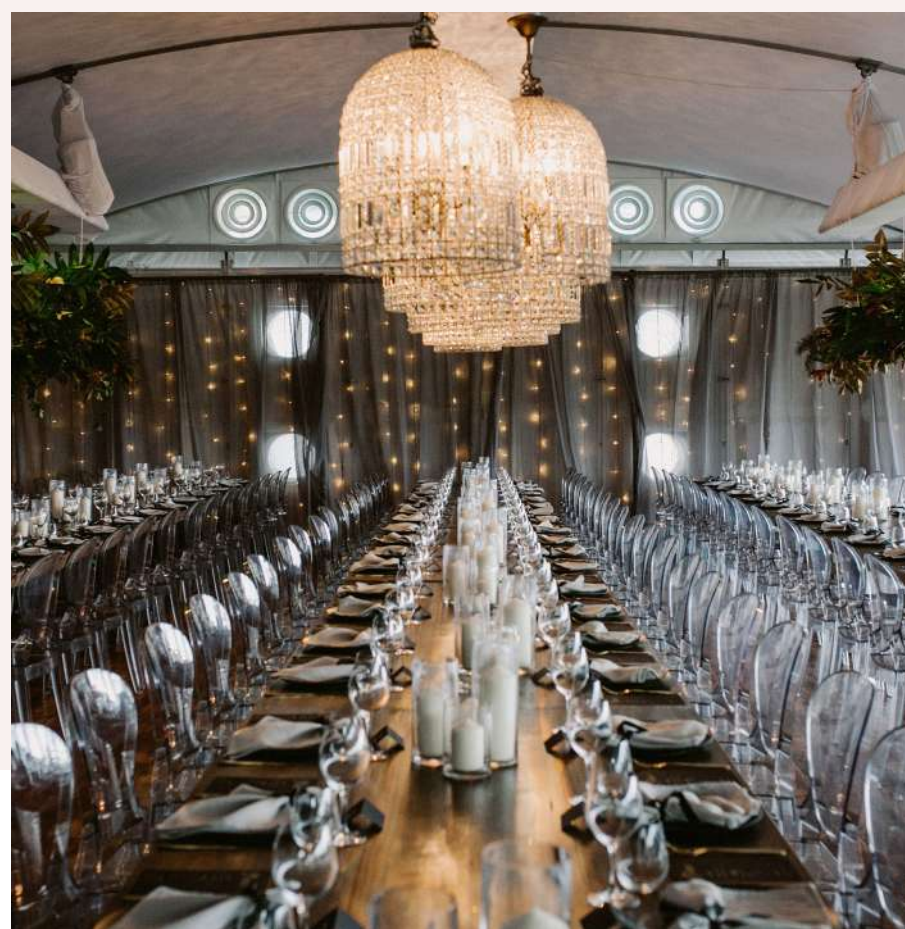

Impactful
signage
solutions.

Full fit-out

We stock a host of accessories, such as glass or hard-PVC system elements, silk lining, system cassette flooring, aluminium swing doors, ramps, air conditioning, decorations and more.
