The Summit

SPECIFICATIONS

The Summit is a sleek black frame and fascia system that offers a more boutique and modern solution to the regular exhibition shell scheme. With or without walling, this chic frame system can stand alone or be built as back to back booths. Available walling includes laminate, whiteboard, MDF, ply or fabric, all of which can be customised with your signage. The apex detail gives a homely feel but the frame is available with or without the spire. Moreton Hire are excited to introduce this premium finish shell scheme to our product offering.
